## SEND SOLDIERS CIGARETTES

(By Associated Press) SEATTLE, Wash., April 25.—"You folks should not hesitate a moment to send cigarettes to your soldiers," asserted Surgeon-General George S. Ryerson of the Canadian army in talking to the University of Washington students here recently.

"The soldier lives on cigarettes," he continued. "With his plain diet and living in the open air, cigarettes do not hurt him. Cigarettes are the biggest thing in his life."

The speaker said he had seen Canadian captains pass down the lines of wounded men on stretchers passing out cigarettes. He said it was impossible to picture how much the cigarettes meant to the men awaiting their turn to be taken to the hospital.

## TO BREAK RECORD BUILDING SHIPS

(By Associated Press)

WASHINGTON, April 25.—Plans for next year were discussed yesterday at a luncheon attended by Chairman Hurley and other members of the shipping board, Vice President Piez and Director-General Schwab of the emergency fleet corporation; P. A. S. Franklin of the international ship control committee; Major-General Goethals, and other officials. Especial attention was paid to the question of passenger ships and refrigerator ships.

For military reasons the exact size of the future building program was not made public. From previous statements of Chairman Hurley, however, it has been estimated that the construction in 1919 will be in excess of 10,000,000 tons, the largest amount ever built in any one year by any nation.

## QUESTION OF PRIZE FIGHT IS IN DOUBT

(By Associated Press)

ST. PAUL, April 25.—No outward developments were recorded in the Twin Cities yesterday to add certainty to the possibility that the Willard-Fulton championship fight might be held here on the Fourth of July.

One St. Paul paper sharply condemned the proposed contest while another paper criticized the state safety commission for not taking definite action Tuesday, after it had listened to arguments favoring and opposing the match.

Colonel J. C. Miller, promoter of the fight, said he was still hopeful.

## DETAILS COMPLETED FOR BIG PARADE

ALL FRATERNAL ORGANIZATIONS WILL JOIN IN ESCORTING CONSCRIPTS TO DEPOT

All arrangements have been made for one of the largest patriotic demonstrations in Tonopah tomorrow when the men who leave to join the colors will be escorted to the depot. Practically all business houses will close during the day.

The exercises of the day will begin by the raising of the Tonopah Boy Scouts' flag at the intersection of Bryan avenue and Main street. This event will take place promptly at 8 o'clock in the morning and will be attended by practically all of the fraternal organizations in the city. Led by the military band the parade will then form and the eleven men that are to go to join the colors will be escorted to the depot.

At 7:15 tomorrow night the Boy Scouts will officiate at the raising of the flag over the Butler theater. The day will be given to the raising of subscriptions for the third Liberty loan.

## MOONEY MAKES STATEMENT

(By Associated Press)

SAN FRANCISCO, April 25.—Mooney, who will be sentenced tomorrow to hang, in a statement from his cell in the county jail asked to either be hanged or granted a new trial. He protested against the reported movement for commutation. He declared himself "wholly innocent" of the preparedness parade crime.

(By Associated Press)

SEATTLE, April 25.—The Central Labor Council announced today that it had voted to call a general twenty-four hour strike on May 1 as a demonstration in behalf of Mooney. Of the total tonnage next year, approximately 8,000,000 tons will be steel. Thirty-five of the yards building steel ships and 258 of the ways are on the Atlantic and Gulf coasts and nineteen yards and sixty-six ways are on the Pacific.

It is expected that 2,500,000 tons of wooden ships will be turned out next year, virtually all on the Gulf and Pacific coasts.

An international aspect was given to the deliberations by the presence of Sir Cunup Guthrie, the British member of the ship control committee.

While details were not disclosed, it was said that the board was prepared to construct a large number of passenger carrying ships of high speed for the army's use.

Mr. Schwab urged that few changes be made in existing designs of ships.

## RED CROSS WILL CLOSE WORK ROOMS

MEMBERS TO ASSIST IN WORK OF GETTING LOAN SUBSCRIPTIONS TOMORROW

In the last week the Ladies' Aid society of the Presbyterian church made and turned into the Red Cross the following articles: Forty "T" binders, 31 bath mitts and seven eye bandages. The work is done under the direction of Mrs. Jess Simmons and the organization may well be proud of both its quantity and quality.

Tomorrow being declared a legal holiday by the governor, the Red Cross rooms will be closed in order that the workers may assist in making the last day of the Liberty loan campaign a success that we can all be proud of. As many as can do are requested to attend the flag raising ceremonies of the Boy Scouts on Main street at 8 o'clock and later escort the departing recruits to the depot.

## STEAMSHIP MEETS WITH ODD ACCIDENT

(By Associated Press)

ATLANTIC PORT, April 25.—The American line steamship St. Paul, is overturned at her pier.

The vessel is lying on its port side. It is supposed that the sea-locks were left open. Military authorities have charge of the situation. Ropes aided in holding the vessel afloat. Between five and six hundred workmen were aboard. Some jumped in to the water and escaped. A dozen injured men were rescued from the hold. At least six are drowned and a number are missing. Thirteen of the injured have been removed to the hospital. Four were treated at the pier.

The liner was being warped around the pier after leaving the dry dock nearby. The vessel is two-thirds submerged with its bow on the bottom and its stern high in the air. It has not been determined whether the sea-locks were opened or whether the ballast shifted.

The International Mercantile Marine, the owners, have issued a statement placing the death toll at ten, relatively three men. All are missing. They said it was impossible at present to ascertain the cause of the accident. Operations are under way to raise the vessel.

## EAT MORE COLORED BEANS

(By Associated Press)

SPOKANE, Wash., April 25.—Only prejudice is preventing the more general use of colored beans, the greatest crop of which in the history of the country was produced by farmers of the west last season, according to Charles Hebbard, food administrator for Washington. The colored beans have advantages not possessed by the white bean and they are cheaper, he says, and should be given the preference as a meat substitute.

She has lived in nearly every country in Europe and spent much of her life in the United States. The gowns worn by Miss Petrova in "Exile" cost over \$2000, she wears these beautiful gowns playing the wife of a wealthy Portuguese man. Many of the queer habits and mannerisms of Arab people of a little colony in Asia are shown in Mme. Petrova's latest picture today "Exile," native teachers or tutors sitting cross-legged on the ground as they study queer books of parchment paper; beggar children in the streets, and custom of clapping the hands three times to summon servants. Madame Petrova herself, being a noted traveler, was able to supply many of the little "atmospheric" touches necessary and with the marvelous directing, the production breathes the very spirit of Asia. Also today a Paramount Cartoon comedy and it is a good one. Friday Carlyle Blackwell in the "Good for Nothing." Saturday the "Kaiser," two matinees, the first at 12:30, second at 2:30.
